- Hippocrates
Genesis
What stands today, as a 2250+ beds and growing multispecialty hospital chain, operating out of 6 locations, owes its humble beginnings to a 30 bed hospital in Tiruchirappalli in the year 1999. The dream of two doctors, who felt the need for a quality critical care setup gave birth to today’s Kauvery Hospital.

Slowly and steadily, growing from strength to strength, Kauvery Hospital, is one of the frontrunners for providing quality healthcare services across multiple cities in South India.
